friend or colleague

Saldanha Self Catering offers affordable accommodation for contract workers and people on a tight budget. Basic but well equipped rooms for rent provide not only a place to sleep, but also the facilities required for an extended stay.

It is conveniently situated in the centre of town – within roughly 200m from shops, the nearest bank, and even the beach.

Lockable parking is provided, with ample space to accommodate a number of vehicles.

Four units are available, offering a choice of a private kitchen and bathroom, or – at a lower rate – communal facilities.

Each self catering unit is equipped with a refrigerator, table and chairs and basic eating utensils, as well as bedding and

towels.

Ideal for contractors and travelling workers:

The combination of affordable yet well equipped self catering rooms, and a convenient central location makes this the ideal place to stay in Saldanha for people who need to be close to everything, and/or do not have their own transport available.

A seafood restaurant is conveniently situated on the premises.
